Agency: Board of Regents

Fund: BR2000 Federal Grants Fund

Revenue is from federal grants and is used as specified in the grant.

Cash Flow Summary

	FY 2025 Actuals	FY 2026 Estimate	FY 2027 Request
Beginning Balance	268.1	2,112.0	0.0
Revenue (from Revenue Schedule)	2,232.2	275.0	275.0
Total Available	2,500.3	2,387.0	275.0
Total Appropriated Disbursements	-	-	-
Total Non-Appropriated Disbursements	388.2	2,387.0	2,387.0
Balance Forward to Next Year	2,112.0	0.0	(2,112.0)

Explanation for Negative Ending Balance(s):

The estimated FY26 expenditures are entered to match the ISA amounts of \$2,112,045. This funding is allocated to ABOR via ISA from the Governor's Office and the Department of Education and deposited into the agency's Federal Grants Fund. The ISA with the Department of Education expires 12-31-2025 and no expenditures or revenues are projected beyond that point. ABOR will manage expenditures to the cash flow of the fund.

Agency: Board of Regents

Fund: BR2985 CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUND

Revenue is received from the American Rescue Plan Act (ARPA) of 2021 and is used for expenses related to addressing, mitigating, and recovering from the ongoing COVID-19 public health crisis.

Cash Flow Summary

	FY 2025 Actuals	FY 2026 Estimate	FY 2027 Request
Beginning Balance	-	1,866.4	(0.0)
Revenue (from Revenue Schedule)	10,157.2	-	-
Total Available	10,157.2	1,866.4	(0.0)
Total Appropriated Disbursements	-	-	-
Total Non-Appropriated Disbursements	8,290.8	1,866.4	1,866.4
Balance Forward to Next Year	1,866.4	(0.0)	(1,866.4)

Explanation for Negative Ending Balance(s):

The estimated FY26 expenditures are entered to match the remaining ISA amount \$1,866,361. This funding is allocated to ABOR via ISA from the Department of Health Services via ISA from the Governor's Office and deposited into the agency's ARPA fund. No revenues or expenditures are anticipated beyond this point. ABOR will manage expenditures to the cash flow of the fund.

Fund: BR5100 Spouses of Military Veterans Tuition Scholarship Fund

Revenues consist of monies appropriated by the Legislature and are used for the operation of the Spouses of Military Veterans Tuition Scholarships Program

Cash Flow Summary

	FY 2025 Actuals	FY 2026 Estimate	FY 2027 Request
Beginning Balance	19,574.7	29,371.8	9,723.7
Revenue (from Revenue Schedule)	10,948.0	10,948.0	10,948.0
Total Available	30,522.8	40,319.8	20,671.7
Total Appropriated Disbursements	-	-	-
Total Non-Appropriated Disbursements	1,151.0	30,596.1	30,596.1
Balance Forward to Next Year	29,371.8	9,723.7	(9,924.4)

Explanation for Negative Ending Balance(s):

The Spouses of Military Veterans Tuition Scholarship Fund reflects a negative balance in FY27 due to A.R.S. § 15-1808(B) which requires ABOR to distribute surplus scholarship monies to the universities for costs associated with tuition waivers for children and spouses of veterans, peace officers, and firefighters in Arizona who suffered a post-traumatic stress injury and died by suicide. After surplus monies are used pursuant section 15-1808(B), the FY 2026 Higher Education BRB requires that any monies remaining in the fund on June 30 of each year be distributed as follows: 500,000 or the amount of remaining monies, whichever is less, in the Spouses and Dependents of Law Enforcement Officers Tuition Scholarship Fund. Following this deposit. Any remaining monies are deposited to the following funds: 60% in the Arizona Promise Program Fund, 30% in the Teacher's Academy Fund and 10% in the Community College Promise Program Fund. Because there is a large balance to be transferred in FY26 a negative balance is projected for FY27 in the Sources and Uses. ABOR will manage the transfers to the cash flow of the fund.

Funding Issue Narrative

Agency:	Board of Regents
----------------	-------------------------

Issue:	1	Arizona Medical Professionals Loan Assistance Program (AMPLA)
---------------	----------	--

Description of Issue: Arizona is experiencing shortages of medical professionals in primary care, allied health, and nursing. These shortages are especially severe in rural and underserved communities, limiting access to essential healthcare services and placing additional strain on the state's healthcare system.

Proposal: The Arizona Medical Professionals Loan Assistance Program (AMPLA) provides loan assistance for medical professionals, after graduation, who work in Arizona for at least four years. Medical professionals must be accepted into a licensed health professional program—including physicians (MD, DO), nursing professionals (RN, BSN, NP), advanced practice providers (PA, NP), rehabilitation specialists (PT, OT), dental hygienists, and behavioral health practitioners and enter into an agreement with the Arizona Board of Regents before assistance occurs. Funding is awarded on a first-come, first-served basis.

Alternatives Considered: The universities can continue to test pathways into the university system through existing campuses by targeting programs, financial aid, and modalities within the existing post-secondary ecosystem.

Impact of Not Funding This Year: If the program is not approved, medical professional candidates will continue to be turned away once current funding options are exhausted. These options have been further reduced by recent federal legislation that caps borrowing for medical students and eliminates the Graduate PLUS loan. Without this support, Arizona's ability to attract and retain new medical professionals will be weakened, further limiting the pipeline needed to address workforce shortages.

Statutory Reference:

Equipment to be Purchased (if applicable):

Classification of New Positions:

Annualization(s):

Alignment with Agency's Strategic Plan or Statutory Responsibilities:

Impact on Historically Underserved, Marginalized, or Adversely Affected Groups: Arizona has a critical need for medical professionals, especially in rural and underserved communities where shortages already limit access to essential care. Without approval of this program, these communities will face even greater barriers to healthcare, deepening disparities and straining already limited local resources.

How has feedback been incorporated from groups directly impacted by proposal?: This proposal has been built in collaboration with the university leadership teams.

Description of how this furthers the Governor's priorities:

Issue:	2	Arizona Promise Program
---------------	----------	--------------------------------

Description of Issue: Need-based financial aid is the backbone of supporting access to postsecondary education in Arizona. The demand for this aid continues to outpace state funding, requiring universities to dedicate significant portions of tuition revenue to ensure that students with financial need can access higher education. In some cases, this support is still not enough, leaving underserved students with significant unmet financial need. This gap often limits their ability to enroll, persist, and complete their degrees, ultimately undermining Arizona's broader goals of increasing access and attainment.

Proposal: An additional \$50 million investment in the Arizona Promise Program would fully fund need-based aid for the current eligible student population across all three state universities. This commitment would secure the long-term viability of the program, advancing its mission of access and ensuring that the vision of opportunity for all Arizona students is fully realized.

Funding Issue Narrative

Agency: Board of Regents

Issue: 2 Arizona Promise Program

Alternatives Considered: The universities already pursue significant philanthropic and entrepreneurial efforts to generate funding for student aid, and these activities would continue. However, with an expanded state investment, universities could reduce their reliance on tuition revenue for this purpose, freeing those resources to support other critical operational needs that help students persist, graduate, and continue to meet the workforce needs of Arizona.

Impact of Not Funding This Year: Maintaining the current level of state funding would further delay the opportunity to increase student attainment and improve affordability of a university education. Student enrollment, persistence, and completion in the universities will continue to be suppressed, as the students and universities grapple with unmet financial need.

Statutory Reference:

Equipment to be Purchased (if applicable):

Classification of New Positions:

Annualization(s):

Alignment with Agency's Strategic Plan or Statutory Responsibilities:

Impact on Historically Underserved, Marginalized, or Adversely Affected Groups: The Arizona Promise Program is specifically focused on increasing access to higher education for students from lower socioeconomic backgrounds. Given that underserved communities often face limited financial resources and little prior exposure to higher education, a transparent and fully funded aid program is especially critical to making college achievable. While the program has already expanded access, it still lacks the full funding needed to scale its reach and deliver the economic and workforce impacts essential to moving Arizona forward.

How has feedback been incorporated from groups directly impacted by proposal?: This proposal has been built in collaboration with the university leadership teams.

Description of how this furthers the Governor's priorities:

Issue: 3 Arizona Excellence Scholarship

Description of Issue: The Arizona Excellence Scholarship provides merit-based scholarships to recruit and retain high-achieving Arizona resident students at Arizona's public universities. Without this investment, Arizona risks losing top scholars to out-of-state institutions, weakening its talent pipeline and workforce competitiveness.

Proposal: As a compliment to the Arizona Promise Program, the Arizona Excellence Scholarship is a merit-based scholarship designed to recruit and retain high-achieving Arizona resident students (top 3% of HS graduates) at the state's universities. By providing real financial support, the program not only recognizes students' academic accomplishments but also enhances the universities' ability to compete for top scholars. It complements existing institutional scholarship and discount models, ensuring that Arizona remains an attractive option for academically talented students.

Alternatives Considered: If the Arizona Excellence Scholarship is not funded, the universities will continue to support high-achieving students through existing institutional resources. Currently, this is primarily done by awarding discounted tuition waivers to merit-based students. While this ensures some level of recruitment and retention of high-achieving Arizona residents, it limits the universities' ability to strategically allocate real scholarship dollars and creates long-term budget pressures as tuition discounting grows.

Funding Issue Narrative

Agency: Board of Regents

Issue: 3 Arizona Excellence Scholarship

Impact of Not Funding This Year: If the Arizona Excellence Scholarship is not funded, Arizona's universities will face challenges attracting and retaining high-achieving students from Arizona, putting them at a disadvantage compared to peer institutions that offer direct financial aid. Without this investment, the state risks losing top talent to out-of-state universities with more competitive packages. In 2023, a little over 7% or 12,600 high school graduates attended an out-of-state college.* When Arizona students are educated here, they are far more likely to stay and contribute to the state's workforce; if Arizona residents leave for college elsewhere, the likelihood of them returning to work in Arizona is greatly reduced.

Statutory Reference:

Equipment to be Purchased (if applicable):

Classification of New Positions:

Annualization(s):

Alignment with Agency's Strategic Plan or Statutory Responsibilities:

Impact on Historically Underserved, Marginalized, or Adversely Affected Groups: The Arizona Excellence Scholarship would expand access for high-achieving students from historically underserved and marginalized communities by providing real scholarship dollars rather than relying solely on tuition waivers. Many students from these communities face barriers that make it difficult to attend out-of-state institutions, even when offered competitive aid. By offering a meaningful, state-supported scholarship, Arizona's universities can both recognize academic achievement and ensure that talented Arizona resident students from diverse backgrounds have the financial support to enroll and succeed in Arizona.

How has feedback been incorporated from groups directly impacted by proposal?: This proposal has been built in collaboration with the university leadership teams.

Description of how this furthers the Governor's priorities:

Issue: 4 Arizona Future Engineers & Scientists Fund (AFESF)

Description of Issue: Arizona's economy increasingly depends on a strong Science, technology, engineering, and mathematics (STEM) workforce, yet many students face financial barriers to pursuing degrees in these fields. A new loan assistance fund for college students entering STEM careers would expand access to education, strengthen the workforce pipeline, and help meet the state's growing demand for talent in high-demand industries.

Proposal: The Arizona Future Engineers & Scientists Fund (AFESF) would provide funding for Arizona resident students pursuing degrees in high-demand fields such as engineering, computer science, information technology, biosciences, and renewable energy, in exchange for a commitment to work in Arizona for each year of funding received. This program expands access to STEM education while ensuring the state develops the skilled workforce needed to drive growth in advanced manufacturing, aerospace, healthcare, and clean energy industries.

Alternatives Considered: The universities can continue to test pathways into the university system through existing campuses by targeting programs, financial aid, and modalities within the existing university ecosystem.

Impact of Not Funding This Year: If the fund is not approved, many Arizona students will continue to face financial barriers to entering STEM degree programs, limiting the state's ability to grow its own workforce. As a result, high-demand industries such as semiconductors, aerospace, clean energy, and biosciences will struggle to meet talent needs, forcing employers to look outside the state and slowing Arizona's economic competitiveness.

Statutory Reference:

Funding Issue Narrative

Agency: Board of Regents

Issue: 4 Arizona Future Engineers & Scientists Fund (AFESF)

Equipment to be Purchased (if applicable):

Classification of New Positions:

Annualization(s):

Alignment with Agency's Strategic Plan or Statutory Responsibilities:

Impact on Historically Underserved, Marginalized, or Adversely Affected Groups:

Arizona's economy is rapidly growing in industries such as semiconductors, aerospace, clean energy, and biosciences, but the current workforce is not large enough to meet these demands. Without the AFESF Fund, Arizona residents from underserved communities will have fewer pathways into these high-demand fields, limiting both their economic mobility and the state's ability to sustain its growth and competitiveness.

How has feedback been incorporated from groups directly impacted by proposal?:

This proposal has been built in collaboration with the university leadership teams.

Description of how this furthers the Governor's priorities:
